☰ APPLICATION PERMISSIONS

PERMISSION	STATUS	INFO	DESCRIPTION
com.android.vending.BILLING	normal	application has in-app purchases	Allows an application to make in-app purchases from Google Play.
android.permission.INTERNET	normal	full Internet access	Allows an application to create network sockets.
android.permission.ACCESS_NETWORK_STATE	normal	view network status	Allows an application to view the status of all networks.
android.permission.CHANGE_NETWORK_STATE	normal	change network connectivity	Allows applications to change network connectivity state.
android.permission.ACCESS_WIFI_STATE	normal	view Wi-Fi status	Allows an application to view the information about the status of Wi-Fi.
android.permission.CHANGE_WIFI_STATE	normal	change Wi-Fi status	Allows an application to connect to and disconnect from Wi-Fi access points and to make changes to configured Wi-Fi networks.
android.permission.WRITE_EXTERNAL_STORAGE	dangerous	read/modify/delete external storage contents	Allows an application to write to external storage.
android.permission.READ_EXTERNAL_STORAGE	dangerous	read external storage contents	Allows an application to read from external storage.
android.permission.READ_MEDIA_IMAGES	dangerous	allows reading image files from external storage.	Allows an application to read image files from external storage.
android.permission.READ_MEDIA_VIDEO	dangerous	allows reading video files from external storage.	Allows an application to read video files from external storage.
android.permission.USE_CREDENTIALS	dangerous	use the authentication credentials of an account	Allows an application to request authentication tokens.
android.permission.CALL_PHONE	dangerous	directly call phone numbers	Allows the application to call phone numbers without your intervention. Malicious applications may cause unexpected calls on your phone bill. Note that this does not allow the application to call emergency numbers.
android.permission.CAMERA	dangerous	take pictures and videos	Allows application to take pictures and videos with the camera. This allows the application to collect images that the camera is seeing at any time.
android.permission.ACCESS_FINE_LOCATION	dangerous	fine (GPS) location	Access fine location sources, such as the Global Positioning System on the phone, where available. Malicious applications can use this to determine where you are and may consume additional battery power.

PERMISSION	STATUS	INFO	DESCRIPTION
android.permission.ACCESS_COARSE_LOCATION	dangerous	coarse (network-based) location	Access coarse location sources, such as the mobile network database, to determine an approximate phone location, where available. Malicious applications can use this to determine approximately where you are.
android.permission.ACCESS_BACKGROUND_LOCATION	dangerous	access location in background	Allows an app to access location in the background.
android.permission.ACCESS_COARWAKE_LOCKSE_LOCATION	unknown	Unknown permission	Unknown permission from android reference
android.permission.CHANGE_WIFI_MULTICAST_STATE	normal	allow Wi-Fi Multicast reception	Allows an application to receive packets not directly addressed to your device. This can be useful when discovering services offered nearby. It uses more power than the non-multicast mode.
android.permission.INTERACT_ACROSS_USERS	unknown	Unknown permission	Unknown permission from android reference
android.permission.TRANSMIT_IR	normal	enables use of the device's IR transmitter.	Allows using the device's IR transmitter, if available.
android.permission.INTERACT_ACROSS_USERS_FULL	unknown	Unknown permission	Unknown permission from android reference
android.permission.FLASHLIGHT	normal	control flashlight	Allows the application to control the flashlight.
android.permission.CONNECTIVITY_INTERNAL	unknown	Unknown permission	Unknown permission from android reference
android.permission.PEERS_MAC_ADDRESS	unknown	Unknown permission	Unknown permission from android reference
android.permission.MODIFY_AUDIO_SETTINGS	normal	change your audio settings	Allows application to modify global audio settings, such as volume and routing.
android.permission.RECEIVE_BOOT_COMPLETED	normal	automatically start at boot	Allows an application to start itself as soon as the system has finished booting. This can make it take longer to start the phone and allow the application to slow down the overall phone by always running.
android.permission.WAKE_LOCK	normal	prevent phone from sleeping	Allows an application to prevent the phone from going to sleep.
android.permission.RECORD_AUDIO	dangerous	record audio	Allows application to access the audio record path.
android.permission.DISABLE_KEYGUARD	normal	disable keyguard	Allows applications to disable the keyguard if it is not secure.
android.permission.VIBRATE	normal	control vibrator	Allows the application to control the vibrator.
android.permission.SYSTEM_ALERT_WINDOW	dangerous	display system-level alerts	Allows an application to show system-alert windows. Malicious applications can take over the entire screen of the phone.

PERMISSION	STATUS	INFO	DESCRIPTION
android.permission.BLUETOOTH	normal	create Bluetooth connections	Allows applications to connect to paired bluetooth devices.
android.permission.BLUETOOTH_ADMIN	normal	bluetooth administration	Allows applications to discover and pair bluetooth devices.
android.permission.BLUETOOTH_SCAN	dangerous	required for discovering and pairing Bluetooth devices.	Required to be able to discover and pair nearby Bluetooth devices.
android.permission.BLUETOOTH_ADVERTISE	dangerous	required to advertise to nearby Bluetooth devices.	Required to be able to advertise to nearby Bluetooth devices.
android.permission.BLUETOOTH_CONNECT	dangerous	necessary for connecting to paired Bluetooth devices.	Required to be able to connect to paired Bluetooth devices.
android.permission.MANAGE_OWN_CALLS	normal	enables a calling app to manage its own calls.	Allows a calling application which manages it own calls through the self-managed ConnectionService APIs.
android.permission.REORDER_TASKS	normal	reorder applications running	Allows an application to move tasks to the foreground and background. Malicious applications can force themselves to the front without your control.
android.permission.POST_NOTIFICATIONS	dangerous	allows an app to post notifications.	Allows an app to post notifications
android.permission.REQUEST_IGNORE_BATTERY_OPTIMIZATIONS	normal	permission for using Settings.ACTION_REQUEST_IGNORE_BATTERY_OPTIMIZATIONS.	Permission an application must hold in order to use Settings.ACTION_REQUEST_IGNORE_BATTERY_OPTIMIZATIONS.
android.permission.FOREGROUND_SERVICE_DATA_SYNC	normal	permits foreground services for data synchronization.	Allows a regular application to use Service.startForeground with the type "dataSync".
android.permission.READ_PHONE_STATE	dangerous	read phone state and identity	Allows the application to access the phone features of the device. An application with this permission can determine the phone number and serial number of this phone, whether a call is active, the number that call is connected to and so on.
android.permission.FOREGROUND_SERVICE	normal	enables regular apps to use Service.startForeground.	Allows a regular application to use Service.startForeground.
android.permission.QUERY_ALL_PACKAGES	normal	enables querying any normal app on the device.	Allows query of any normal app on the device, regardless of manifest declarations.
android.permission.FOREGROUND_SERVICE_LOCATION	normal	allows foreground services with location use.	Allows a regular application to use Service.startForeground with the type "location".
android.permission.FOREGROUND_SERVICE_CONNECTED_DEVICE	normal	enables foreground services with connected device use.	Allows a regular application to use Service.startForeground with the type "connectedDevice".
com.google.android.c2dm.permission.RECEIVE	normal	recieve push notifications	Allows an application to receive push notifications from cloud.
com.google.android.gms.permission.AD_ID	normal	application shows advertisements	This app uses a Google advertising ID and can possibly serve advertisements.

PERMISSION	STATUS	INFO	DESCRIPTION
com.google.android.finsky.permission.BIND_GET_INSTALL_REFERRER_SERVICE	normal	permission defined by google	A custom permission defined by Google.
com.hualai.DYNAMIC_RECEIVER_NOT_EXPORTED_PERMISSION	unknown	Unknown permission	Unknown permission from android reference
android.permission.RECEIVE_SMS	dangerous	receive SMS	Allows application to receive and process SMS messages. Malicious applications may monitor your messages or delete them without showing them to you.
android.permission.READ_SMS	dangerous	read SMS or MMS	Allows application to read SMS messages stored on your phone or SIM card. Malicious applications may read your confidential messages.
android.permission.MODIFY_PHONE_STATE	SignatureOrSystem	modify phone status	Allows the application to control the phone features of the device. An application with this permission can switch networks, turn the phone radio on and off and the like, without ever notifying you.
android.permission.WRITE_SECURE_SETTINGS	SignatureOrSystem	modify secure system settings	Allows an application to modify the system's secure settings data. Not for use by common applications.
android.permission.READ_CONTACTS	dangerous	read contact data	Allows an application to read all of the contact (address) data stored on your phone. Malicious applications can use this to send your data to other people.
android.permission.READ_CALL_LOG	dangerous	grants read access to the user's call log.	Allows an application to read the user's call log.
android.permission.ANSWER_PHONE_CALLS	dangerous	permits an app to answer incoming phone calls.	Allows the app to answer an incoming phone call.
android.permission.MOUNT_UNMOUNT_FILESYSTEMS	dangerous	mount and unmount file systems	Allows the application to mount and unmount file systems for removable storage.

TITLE	SEVERITY	DESCRIPTION
Signed Application	info	Application is signed with a code signing certificate

🔍 MANIFEST ANALYSIS

HIGH: **0** | WARNING: **70** | INFO: **0** | SUPPRESSED: **0**

NO	ISSUE	SEVERITY	DESCRIPTION
1	App can be installed on a vulnerable Android version Android 9, minSdk=28]	warning	This application can be installed on an older version of android that has multiple vulnerabilities. Support an Android version => 10, API 29 to receive reasonable security updates.
2	App has a Network Security Configuration [android:networkSecurityConfig=@xml/network_security_config]	info	The Network Security Configuration feature lets apps customize their network security settings in a safe, declarative configuration file without modifying app code. These settings can be configured for specific domains and for a specific app.
3	Activity (com.hualai.home.scheme.WyzeDeepLinkPage) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
4	Activity (com.hualai.home.profile.WyzeAlexaLinkYourActivty) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
5	TaskAffinity is set for activity (com.braze.push.NotificationTrampolineActivity)	warning	If taskAffinity is set, then other application could read the Intents sent to Activities belonging to another task. Always use the default setting keeping the affinity as the package name in order to prevent sensitive information inside sent or received Intents from being read by another application.

NO	ISSUE	SEVERITY	DESCRIPTION
6	Service (com.google.android.gms.auth.api.signin.RevocationBoundService) is Protected by a permission, but the protection level of the permission should be checked. Permission: com.google.android.gms.auth.api.signin.permission.REVOCATION_NOTIFICATION [android:exported=true]	warning	A Service is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device. It is protected by a permission which is not defined in the analysed application. As a result, the protection level of the permission should be checked where it is defined. If it is set to normal or dangerous, a malicious application can request and obtain the permission and interact with the component. If it is set to signature, only applications signed with the same certificate can obtain the permission.
7	Broadcast Receiver (com.google.firebase.iid.FirebaseInstanceIdReceiver) is Protected by a permission, but the protection level of the permission should be checked. Permission: com.google.android.c2dm.permission.SEND [android:exported=true]	warning	A Broadcast Receiver is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device. It is protected by a permission which is not defined in the analysed application. As a result, the protection level of the permission should be checked where it is defined. If it is set to normal or dangerous, a malicious application can request and obtain the permission and interact with the component. If it is set to signature, only applications signed with the same certificate can obtain the permission.
8	Activity (androidx.compose.ui.tooling.PreviewActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
9	Broadcast Receiver (androidx.profileinstaller.ProfileInstallReceiver) is Protected by a permission, but the protection level of the permission should be checked. Permission: android.permission.DUMP [android:exported=true]	warning	A Broadcast Receiver is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device. It is protected by a permission which is not defined in the analysed application. As a result, the protection level of the permission should be checked where it is defined. If it is set to normal or dangerous, a malicious application can request and obtain the permission and interact with the component. If it is set to signature, only applications signed with the same certificate can obtain the permission.
10	Activity (com.wyze.plugin.camplus.thumbnail.WssCpEventInsightRedirectActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
11	Activity (com.wyze.plugin.camplus.thumbnail.WssCpEventThumnnailActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
12	Broadcast Receiver (com.test.LocalSmsReceiver) is not Protected. [android:exported=true]	warning	A Broadcast Receiver is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
13	Activity (com.wyze.cpp.ui.activity.setting.CppMyInformationActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
14	Activity (com.wyze.cpp.ui.activity.setting.CppMonitorCertificateActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
15	Activity (com.wyze.cpp.ui.activity.setting.CppSettingActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
16	Activity (com.wyze.shop.page.WyzeStoreReviewsActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
17	Activity (com.wyze.shop.page.WyzeStoreCartsActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.

NO	ISSUE	SEVERITY	DESCRIPTION
18	Activity (com.wyze.shop.profile.WyzeMyOrdersTwoDetailsActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
19	Activity (com.hualai.cam_v3.camera.activity.CamV3MainPage) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
20	Activity (com.hualai.cam_v3.camera.activity.CamV3LivingAgoraActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
21	Activity (com.hualai.cam_v3.camera.activity.CamV3LivingSimpleActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
22	Activity (com.hualai.cam_v3.camera.activity.live.live.CamLiveMainPage) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
23	Activity (com.wyze.series.activity.SeriesScaleMainActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
24	Activity (com.amazon.identity.auth.device.workflow.WorkflowActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
25	Activity (com.gwell.plugin.dbddoorbell.ui.page.activity.setting.DbdHouseChimeActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
26	Activity (com.gwell.plugin.dbddoorbell.ui.page.activity.setting.DbdCamerasAsChimeActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
27	Activity (com.gwell.plugin.dbddoorbell.ui.page.activity.setting.DbdSelectCameraActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.
28	Activity (com.gwell.plugin.dbddoorbell.ui.page.activity.setting.DbdCameraDetailsActivity) is not Protected. [android:exported=true]	warning	An Activity is found to be shared with other apps on the device therefore leaving it accessible to any other application on the device.

Title: Wyze - Make Your Home Smarter

Score: 4.360203 **Installs:** 5,000,000+ **Price:** 0 **Android Version Support:** **Category:** Lifestyle **Play Store URL:** com.hualai

Developer Details: Wyze Labs Inc., Wyze+Labs+Inc., None, https://www.wyze.com, dev@wyze.com,

Release Date: Oct 18, 2017 **Privacy Policy:** Privacy link

Description:

Wyze, based out of Seattle, WA, makes smart tech at super-accessible prices, trusted and backed by a community of over 5 million users just like you. **This is where it all lives**. Shop, set up, view, and interact. Craft the ideal smart home for you and your family, and then control your smart devices from our ecosystem of affordable high-quality tech – all tied together in an app that won't stress you out. **The cams that started it all**. Our first product was the trendsetting Wyze Cam: a multi-purpose indoor smart camera that helped our users keep an eye on what matters most without a hefty price tag. Now, Wyze has a full lineup of wired and wireless smart cameras fit for any occasion - whether

that's to serve as a baby monitor, capture proof of the pests in the garden, watch over your loved ones (including pets!), and nearly everything else. Wyze Cams are even more powerful when enhanced with our optional Cam Plus subscription. • Wyze Cam Outdoor • Wyze Video Doorbell • Wyze Cam Pan • Wyze Cam v3 **Safety shouldn't break the bank**. Keep an eye on your family and possessions with the award-winning Wyze Home Monitoring subscription, powered by our friends at Noonlight. It's smart, straightforward, and ultra-affordable - that's home security the Wyze way. For those that prefer to keep tabs on their home themselves, you can use motion and open detection from Wyze Sense alongside Wyze Cam detection notifications for self-monitoring instead. • Wyze Home Monitoring Service • Wyze Motion Sensors • Wyze Entry Sensors **Convenience from the comfort of your couch**. Switch up your ambiance with our line of top-rated dimmable smart bulbs including Wyze Bulb Color and its impressive 16-million color range. Don't want to swap out your bulbs? • Wyze Bulb /Color • Wyze Plug /Outdoor **Spend more time doing hat you love**. Auto-unlock your front door when you get home, auto-water the garden, auto-adjust the temperature, auto-vacuum the floors, and more. Reserve your home time for relaxation and fun instead of routine chores using our lineup of friendly smart home devices. • Wyze Lock • Wyze Thermostat • Wyze Sprinkler Controller • Wyze Robot Vacuum **A window to a healthier**, **happier you**. Our Health and Lifestyle products are designed to enhance your wellness journey and keep you connected. With our range of smartwatches, you can easily track your health metrics, stay updated with SMS and call notifications, and enjoy your favorite music on the go. Our smart scales provide detailed insights into your fitness progress, while our earbuds and headphones offer premium sound quality for an immersive audio experience. Each smartwatch is equipped with SMS/Call Log functionality, allowing you to see who is calling or texting directly on your wrist. Our products are committed to keeping you informed and focused on living your best life. • Wyze Watch 44mm • Wyze Watch 47mm • Wyze Scale • Wyze Band • Wyze Buds Pro • Wyze Buds • Wyze Noise-Cancelling Headphones **Plays well with others**. Your Wyze devices get even more powerful when they're linked up with our integration partners. Whether you're an Amazon Alexa user with an Echo at home, a Google Assistant user with a Google Home, or a DIY-er that likes to experiment with IFTTT, Wyze supports it all. Managing Your Account: Your privacy and control over your data are important to us. If you wish to delete your account, you can easily do so directly within the app. Please follow these simple steps: - Account Tab -> Account -> Delete account - Tap the 3 checkboxes then tap Delete. - Enter your Wyze account password again and tap Delete. Upon deleting your account, all your data will be permanently removed from our servers, and you will not be able to recover any data associated with your account.
